Continental Wire Cloth

Founded in 2004, we are proud to be a privately owned company with our corporate office located in Jenks, Oklahoma. We are an OEM and Non-OEM Replacement Screen Manufacturer, ISO 9001 certified company, and a global leader in the replacement shaker screen industry.

We specialize in providing you with the very best solution to reaching your peak performance in solids separation.

With our state of the art manufacturing facility, we are capable of meeting the individual needs of your company. Our goal is to provide unsurpassed shaker screen performance and remarkable customer service to the industries we serve.

Industries Served: Oil & Gas, Water Well Drilling, HDD, and Mining

Unsurpassed Performance

Proprietary multi-layer CRX mesh design and High grade steel frames robotically weld to exact specifications.

- Enhances Strength & Longevity > Resulting in Fewer Screens
- Sustains Higher Flow Rates > Cleaner Drilling Mud
- Significantly Reduces Blinding > Fewer Pre-Mature Screen Failures
- Precise Cut > Greater Particle Removal

Unsurpassed Capabilities & Service

- CWC is nimble and customer focused at all levels
- Best undefeated order turn-around in the industry
- CWC control of supply chain in-house
- Inside Sales Team is thoroughly trained, accessible, and highly responsive
- Strategic stocking locations domestically and internationally
